

Apex Urinal Shield

INSTALLATION INSTRUCTIONS

Instructions

1. The urinal shield is mounted with 1 bracket by using 3 × 60 mm screws.
2. The lower edge of the urinal shield should be positioned on the level of the lower edge of the urinal.
3. The usual distance between two urinals is 600 mm; this urinal shield should be installed between two urinals.
4. After mounting, apply silicon sealant around outer edge of the urinal shield.
5. The included components and screws are for mounting the shield to a solid wall.
6. For all other wall types, appropriate fixtures should be used.

Parts List: 1 x Ceramic Divider | 2 x 60mm Screws | 2 x Wall Plugs | 1 x Bracket
