

Ifo CERO WATERLESS URINAL

Installation & Maintenance Instructions

SPARE PARTS

MOUNTING INSTRUCTIONS

1. Prepare rough in positions for wall hook and outlet. **SEE IMAGE 1.**

2. Pencil mark screw wall fixing. **SEE IMAGE 2.**

3. Pre-drill screw wall fixing points and add wall plugs. **SEE IMAGE 3.**

4. Insert soft washers into urinal wall fixing screw holes. **SEE IMAGE 4.**

5. Lift urinal bowl onto wall hook and into waste outlet. **SEE IMAGE 5**

6. Fix torx screws to ensure the urinal is firmly fixed to the wall. **SEE IMAGE 6**

CLEANING INSTRUCTIONS - Daily

1. Spray urinal with CERO DETERGENT* daily to ensure a sanitized and clean fixture **SEE IMAGE 7**

2. Wearing protective gloves scrub the urinal surface immediately after the Cero Detergent has been applied. **SEE IMAGE 8**

3. Wipe the surface off with a cloth. **SEE IMAGE 9**

NOTE: Do not rinse the area with water as water can cause build up of urine crystallization within the urinal & pipes.

* CERO DETERGENT Product Code IFO91864

OIL CHANGE - Monthly

1. Lift out the urinal rosette. **SEE IMAGE 10**

2. Turn the urinal inner rod anti clock wise half a turn and pull it out of the urinal. **SEE IMAGE 11**

3. Spray and soak the parts (urinal rosette and inner rod) as well as the cavity of the urinal bowl with Cero Detergent* **SEE IMAGE 12**

4. Scrub the parts (urinal rosette and inner rod) as well as the cavity of the urinal bowl **SEE IMAGE 13**
